## **DERF has granted the last available funds - no further calls will be activated in 2020**

It has been a busy year at the DERF with a great demand for humanitarian funds. At the moment DERF has granted the last funds available in the pool of funds. With this, there are no more funds left at the DERF for the remaining weeks of 2020. This also means that the DERF will not activate further calls in 2020.
